

# Envision MN-E3210

Envision 31.5 inch Home Office Monitor

- 31.5-Inch Immersive Viewing Experience
- FHD Clarity with 75Hz Smooth Display
- Dual Low Blue Light Protection for Eye Care
- Flexible Tilt Adjustment & VESA Wall Mount
- Versatile HDMI & VGA Connectivity

## Overview

The Envision MN-E3210 is a 31.5-inch desktop display designed for home office, entertainment, and everyday multitasking. Featuring a large VA panel with FHD resolution and a 3000:1 static contrast ratio, it delivers rich, deep visuals ideal for work and media consumption. Equipped with dual low blue light protection—both hardware- and software-based—the MN-E3210 ensures comfortable viewing during extended use. With versatile connectivity including HDMI and VGA, along with a practical tilt-adjustable stand, it's a reliable and eye-friendly display for a variety of daily scenarios.

## Features and Benefits

### ■ Immersive 31.5-Inch Large Screen

Experience a vast visual canvas that enhances productivity for multi-document work and brings movies and videos to life with immersive depth.

### ■ Optimized for Office & Entertainment

The expansive VA panel with FHD clarity is perfect for split-screen tasks and casual media viewing, making it a versatile centerpiece for any home setup.

### ■ Dual Low Blue Light Protection

Combines hardware-based and software solutions to effectively filter harmful blue light, ensuring comfortable viewing during long work hours or extended streaming sessions.

### ■ High Contrast Ratio for Richer Media

With a 4000:1 static contrast ratio, it delivers deeper blacks and more vibrant images, greatly improving the experience of watching films and presentations.

### ■ Ergonomic Design with Easy Installation

Features a  $-5^{\circ}$  to  $15^{\circ}$  tilt-adjustable stand and standard VESA 75×75mm mount compatibility, allowing for a perfectly comfortable viewing angle in any environment.
