- 1ms MPRT
- FreeSync anti-tearing synchronization technology
- Low Blue Light & Flicker-Free technology

## Overview

The Envision G2511X PLUS Gaming Monitor brings you into a new era of smooth, immersive esports gaming! The ultimate combination of a 240Hz refresh rate and 1ms response time gives you a head start in every action; the 24.5-inch VA wide color gamut screen with 95% DCI-P3 professional calibration accurately presents every color and detail of the game world. This is not an ordinary monitor, but a winning weapon tailor-made for esports players – the Envision G2511X PLUS, allowing you to go from “seeing the game clearly” to “dominating the game”!

## Features and Benefits

### ■ 240Hz Ultra-High Refresh Rate

Compared to traditional 60Hz monitors, the refresh rate is 4 times faster. In fast-paced esports games like CS2 and Naraka: Bladepoint, this allows you to detect enemy movements earlier, accurately predict their actions, and gain a decisive advantage.

### ■ 1ms MPRT Response Time

Effectively eliminates screen tearing, delivering clear and sharp dynamic images in fast-paced racing games and intense FPS battles, ensuring smooth, lag-free gameplay.

### ■ 95% DCI-P3 Professional Esports Color Calibration

Covering a wider cinematic color gamut, it accurately reproduces the lighting effects and color details of character clothing in games, making you feel as if you are in the game world and enhancing the overall immersive experience.

### ■ FreeSync Anti-Tearing Technology

Effectively solves screen tearing issues caused by mismatched graphics card and monitor refresh rates, ensuring smooth and complete visuals and a stable visual experience even during intense team battles.

### ■ Game Crosshair Assist

Built-in various game crosshair styles, allowing you to easily aim even in games without a crosshair, improving shooting accuracy and letting you unleash your full firepower in battle.

## Specifications

Screen Size	24.5"
Aspect Ratio	16:9
Panel Type	IPS
Resolution	1920×1080 (Full HD)
Refresh Rate	240Hz
Brightness	300cd/m <sup>2</sup>
Contrast Ratio	1000:1
Backlight	LED
Viewing Angle	178°(H) / 178°(V) (CR≥10)
Response Time	1ms MPRT, 5ms GTG
Color Gamut	95% DCI-P3
I/O Ports (Standard)	DC+HDMI+2DP+Audio+USB
Adapter Power	12V, 3.0A
Dimensions with Stand	559×136×412mm
VESA Dimension	100×100mm
Adjustable Stand	Tilt: -5°~ +15°
Main Functions	Low Blue Light Control, 6 Contextual Models, DCR, Multiple-Language Menu, Backlight adjustment w/o flicker, FPS/RTS Game Mode with 1 key-switch, GAME PLUS, FreeSyncr
Temperature	Working: 0°C~40°C; Storage: -20°C~60°C
Humidity	Working: 10~85%RH; Storage: 5~90% (No Freezing under 40°C )
Package Contents	≤5000m
Package Contents	LCD display, Power Adapter with Power Cable, HDMI Cable, USER Manual
Warranty	Three-year limited warranty on parts
